

**Call for Papers within the Special Session**

***Decision Making Modeling and Risk Assessment***

**at The 4th International Conference on Economic Cybernetic Analysis:  
Global Crisis Effects on Developing Economies  
May 22-23, 2009, Bucharest**

**Session organizer: Cristina FULGA, Academy of Economic Studies, Bucharest**

Dear Colleagues,

As organizer of the Special Session *Decision Making Modeling and Risk Assessment*, I am pleased to invite you to present your work within our session.

This session will provide an open forum for the dissemination of the up to date research progress, innovative modeling approaches and original research results.

The generic topics include: Decision Making Modeling, Financial Optimization, Risk Theory and Uncertainty Modeling, Risk Assessment Approaches and Methodologies, Risk Database and Software Development.

The session will focus on, but not limited to the announced topics, and all papers in related fields are welcome.

In case you plan to present a paper within our session, please let us also know and submit the title and abstract of your contribution first to us, by 15th April 2009, at [fulga@csie.ase.ro](mailto:fulga@csie.ase.ro) (papers need to be prepared according to <http://www.asecib.ase.ro/simpozion/2009/simpozion.htm>). Papers submitted directly to the conference are much harder to trace later for inclusion in the correct session.

All accepted papers will be published in the Conference Proceedings, under ISBN reference at Academy of Economic Studies Publishing House, on CD-ROM support.
